- Obtain the desired texture in seconds.
- Variable speed with a wide range of options.
- Interchangeable blades.
- Brushless technology with advanced features:
- Maximum efficiency at all speeds.
- Light and compact design.
- Advanced control panel with all information available at a glance.
- Improved air/water-tightness.
- Quieter.
- Reverse function for mixing ingredients.
- Approved by NSF.

Precise Pulse only with Sammic!

“Precise Pulse” allows operators to set their own level for consistent processing.

From one to 100 pulses, the operator will achieve consistent results every time: offering the most precise pulsing control in the industry.

Unique! Sammic emulsifiers are programmable.

Program phases & timing, including pulses, standardize your recipes and obtain consistent results.

CK Combi models available (emulsifier + veg slicer).

Great for IDDSI levels*

* Look on the other side

- | | |
|---------------------------|--------------------------|
| 1 SLIGHTLY THICK | 4 EXTREMELY THICK |
| 2 MILDLY THICK | 4 PUREED |
| 3 MODERATELY THICK | 5 MINCED & MOIST |
| 3 LIQUIDISED | |

→ Smooth with no lumps, not sticky, no chewing ability needed. Can be eaten with a spoon.

Sammic Hand Blenders & Veg Slicers - IDDSI framework

- 1** Thicker than water. Can flow through a standard straw/teat/nipple.
- 2** 'Sippable' from a cup but effort needed to drink this through a standard straw/teat/nipple.
- 3** Can be eaten with a spoon or drunk from a cup. Cannot be eaten with a fork because it slowly drips through. Effort needed to drink this through a wide straw.

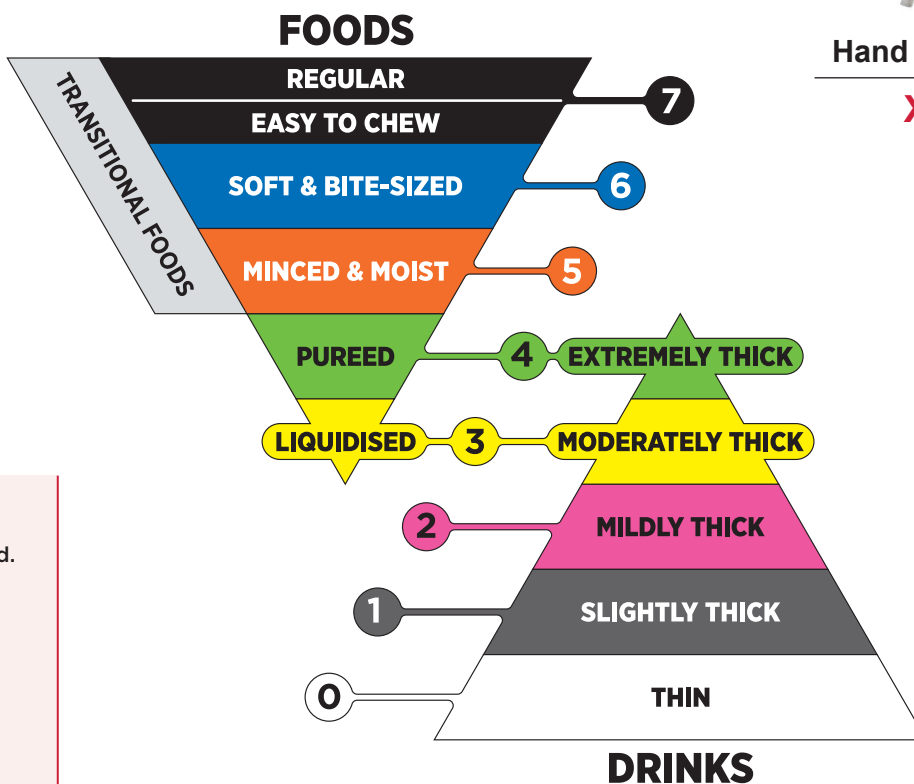

- Compact and powerful.
- Different sizes and powers: models to suit every need.
- Exclusive Y-blade to achieve the perfect texture.
- Vario-speed: variable speed available in most models.
- Ergonomic design.
- LED indicator of blender status.
- Arms can be removed with a click.
- Combined models available with whisk.
- Approved by NSF.

Hand Blender

- 5** Very soft, small moist lumps, minimal chewing ability needed.
 - FCE-2 2x2mm Julienne
 - FCE-4 4x4mm Julienne
 - SH-2 2mm Shredding
 - SH-3 3mm Shredding
 - SH-4 4mm Shredding

- 6** Soft + Bite-sized, tender and moist throughout, with no thin liquid leaking or dripping from the food. Chewing ability needed.
 - FC-8D + FMC-8D 8mm Dice
 - FC-10 + FMC-10D 10mm Dice
 - FC-14D + FMC-14D 14mm Dice

- Variable speed with a wide range of speeds for each function.
- Interchangeable discs and grids support 70 different cuts.
- Brushless technology with advanced features:
 - Maximum efficiency at all speeds.
 - Light and compact design.
 - Advanced control panel with all information available at a glance.
 - Force Control System with acoustic signal for perfect standardisation ensures consistent results.
 - Improved air/water-tightness.
 - Quiet.
